

Greystone Storm Shelter Plan

Prior to anticipated severe weather, the Storm Shelter will be unlocked.

The Park Manager, plus 3 other responsible adult residents of the Park, have keys and the authority to unlock the Shelter at any time.

Tenants are urged to seek shelter here until the threat of severe weather has passed.

State Law does not allow animals to be in the Storm Shelter.

New Tenant's should familiarize themselves with the location of Storm Shelter.

The Storm Shelter is located on the East side of the Park, adjacent to the playground, and shown on the map below with a RED circle.
